GGAA Newsletter Covid 19 Some issues 11 April 2020

Dear Plotholder,

Sorry, more emails than usual, but many of us have more time to read them. First, we hope hope you are all staying well.

Visiting the allotment is still seen as a permissible activity – it's exercise and is related to food production, and it does not include the likelihood of promoting cross infection, however it is still very important that we follow the following basic rules -

1. We keep it that way by keeping to the self-distancing rules and try not to wander around the site to much.
2. We don't get complaints from the people who live on our perimeters and so the 'No Bonfire' ban is still in force and that also goes for Smokey BBQs. You should **NOT** be inviting friends to the allotment - it should only be your immediate family attending with you – people in your household.
3. ALL gates must be locked at all times.
4. Many people are sensibly using disposable gloves to open and close the gates. **Do not drop these gloves on the ground at the allotments,**

take them home with you. This is stupid and mindless and who do you think is going to pick them up after you?

We are endeavouring to open the shop on a Saturday at 1.30pm for an hour or so. Anna thank you for doing that!

Stay well and thanks
Sara
