GGAA Newsletter Addendum 25 March 2020

Dear Plotholder,

We thought this would be interesting forwarded from The National Allotment Association and Barnet Allotment Federation:

"Coronavirus Guidance

During these unsettling times it is important that we follow the guidelines laid down by both the government and the allotment association in order to keep everyone safe.

At the moment (24 March) and subject to change:

- Plot holders who are over 70, have underlying health conditions or pregnant women must follow guidance and information from the

government, this is available from government websites, news channels and age concern.

- Plot holders who are self-isolating because they have the symptoms of coronavirus must not visit the site until they are out of self-isolation.
- Plot holders who are self-isolating due to someone they live with having symptoms of the virus must not visit the site until they are out of self-isolation.
- Please pay attention to notice boards
- Keep hand sanitiser in your shed and wash your hands regularly
- Use hand sanitiser before opening and closing any gate locks
- Observe "Social Distancing" with each other 2-3 metres
- Do not share tools
- Minimise the contact with each other for example no handshake
- Do not wash your hands in water troughs
- Do not bring visitors to the site during this time.

If you are unwell and cannot attend the allotment for a period of time, please let someone know. Others may be able to help out with jobs like watering etc. The committee will then know that the plot isn't being neglected.

Government advice is being updated regularly and this advice may change. Please look out for others and stay safe. "

Stay well and thanks

Sara
