Congratulations to all our winners and congratulations to all our plotholders. Our site has never looked better and we also have every plot on the site taken, which has never happened before.

We put forward to the Barnet Allotment Federation three plots as contenders for Best Plot and they are

Silas Kendal – Plot 137

Paul Rothwell – Plot 188 and

Bryan Alcock – Plot 23 on our Tretawn annex site.

They will be judged by the photos we sent in by the BAF so good luck to those three plotholders.

We also took lots of photos of many of our plots which can be seen [on our website](#).

It's been many many years since a site competition was held on our site and it's been very successful and a very positive thing in these surreal times we are still living in so we think there is a general consensus to run it every year! So if you didn't win this year there is always next year to aspire to!

All the best
