GGAA Newsletter May 2019

Dear Plotholder,

- As we announced in the last newsletter and at the AGM last week, we will be **changing the padlocks on the gates**, because it seems that too many people who are not plotholders still have keys.
- The change will be on **Saturday 11th May 2019**. They will be combination padlocks. The code will be: **13579**
- We will change the code periodically and will inform you by email. Please do not pass the code on to non-plotholders.
- We will put some phone numbers on the gates so if you forget the code you can ring one of the numbers..
- Please remember always to lock the gate behind you, even if you find it open, and don't forget to reset the numbers on the padlock to something which is not the code.

- It is probably sensible to hang onto your old keys for a while.
- If you have any problems let us know.
